Statement

Bohemi Chemicals srl, Zibido sa Giacomo, Italy has requested TNO to verify whether their product is suitable for applications on the outside of a glass bottle, in view of the EU Regulation, Dutch legislation and Code of Federal Regulations of the USA.

For this purpose, detailed information on the composition were provided by the client and/or its (sub)-suppliers. The composition provided was considered to be complete and correct. Project details are as follows:

Project number : 093.20544/01.04
Client : **Bohemi Chemicals srl, Zibido sa Giacomo, Italy**
Sample code client : **Polyglas D4218/M**
Sample description client: Coating on outside of a glass bottle
Date of issue : December 2012
Validity period : December 2012 – December 2018
Evaluation : This investigation must be re-evaluated if the relevant regulation is changed, or the composition or the production process of the product is changed, or at December 2015 the latest.

Tests and Regulations:

The evaluation performed were in line with the requirements of the Regulation (EC) No 1895/200, the Commodity Act Packaging and Food Utensils Regulation of The Netherlands and its amendments up to and including VGP/VC 3048441 of 14 February 2012 and the FDA 21 CFR of the USA of 1 April 2012 (hereinafter called 'Regulations').

The investigation comprised the following determinations:

- Administrative check of the composition of the sample

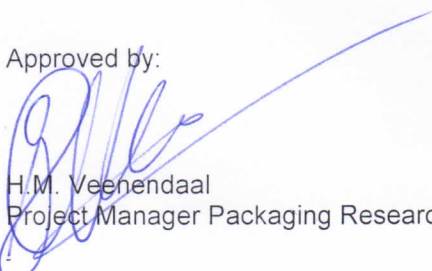

Results:

The results were described in detail in analytical report AR 12-1304/VEH. In summary it is stated that the composition of the 'Sample' is in accordance with the 'Regulations'.

Conclusion:

Given the composition, the coating can be considered to be suitable for application on the outside of a glass bottle in view of the 'Regulations'.
